Letter No.29678-A1-54 -1 dated 20--7--54.

Sir,

Sub:Establishment-Temporary-Special Staff for Bridge works on Bisley Ghat Road--South Kanara District-Continuance-sanction--requested:--

Ref:G.O.No.2705 P... dated 25--6--53.

In the G.O. cited, sanction was accorded to the employment of one Assistant Engineer, Two Supervisors, One Upper Division Clerk, one III grade draftsman and Two peons for a period of one year for attending to the work ofconstructing submergible bridges at M. 15/1, 23/6, 24/3, and 27/3 andfor constructing of a causeway at Mile 21/3 of the Bisley Ghat Road in South Kanara District. The sanction was utilised from 7-8-53 and it expires on 6-8-54.

2. The bridge work at Mile 15/1 of the Bisley Ghat road is being done departmentally and the other works have been let out on contract and are in progress. The present position ofthe work and value of work yet to be done in each case are noted below.

Bridge at M.15/1.	Rs.2,49,000/-	Only the abutment and wings in Uppinangadi side and next two piers have been completed upto bottom of levelling course below deck slab.
Causeway at M21/3:	Rs. 5,000/-	Wearing coat over deck slab and metalling and cement concreting approaches remain to be done.
Bridge at M23/6:	Rs.8,000/-	Laying of wearing coat over deck slab collection of soling stone and granite metal and spreading for approaches remain to be done.
Bridge at M 24/3:	Rs.10,000/-	--do-- --do--
Bridge at M 27/3:	Rs.50,000/-	Laying deck slab and works as above and training river remain to be done.

P...O.

5819

3.All the works put together work out to Rs.3,22,000/-. The work which is done departmentally is the biggest bridge work out of the 5 works. The works can be further commenced in November 1954 after the monsoon is over. In this District, in one year, work can be done only during the season from November to April.

4.For completing the balance works it is necessary to continue the special staff sanctioned for the work for a further period of one year. The works cannot be entrusted to the regular staff at this state, as they already have to do a heavy volume of work.

5.In the circumstances I request that sanction may be accorded to the continuance of the special staff sanctioned in the G.O. cited for a further period of one year i.e. till 6--8--55.

6.In the interest of work, I am permitting the Superintending Engineer to continue the above staff beyond 6--8--54 in anticipation of sanction of Government, in case orders of Government are not received before that date. I request that my action may kindly be ratified.

In paragraph 3 of his letter cited, the C.E.(H) has reported that the five bridge works on Bidley Ghat Road in S. Kanara Dt. can be further commenced in November 1954 after the monsoon is over and that in S.K. Dt., in one year work can be done only during the season from November to April. He is requested to explain in detail the necessity for Continuing the staff beyond 6.8.54, and to state whether it will not be sufficient to continue the staff during the season from November to April alone. The Executive staff is essential for works and beyond April 1955 he is requested to give details of such staff with reasons for their retention.

Out of the two Supervisors sanctioned in G.O.2705.P.W dated 25.6.53, only one is being utilised, it being slack season now.

2 The present Assistant Engineer and Junior Engineer employed on the work have gained sufficient knowledge of the several stages of the work so far done. If the sub division is to be temporarily closed and restarted with a new set of staff, it will be at a very great disadvantage, as the new staff will be ignorant of the work so far done and will take time to get themselves acquainted with the previous history of events. The Assistant Engineer and the staff have to function through out to attend to the correspondences, to have an eye on the departmental materials at site and to safeguard the half finished work without being tampered. The Assistant Engineer has also to give instructions regarding collection of materials, centering, welding of rods, and preparation of working estimates etc.

3 In the circumstances, the existing staff which is to be considered only as a skeleton staff, has necessarily to be continued throughout. I therefore request that sanction may please be accorded to the continuance of the staff as already requested in my letter No.29678.A1.54.1 dated 20.7.54, and my action in continuing the staff in anticipation of sanction ratified.

Ref: From the C.E.(H) No.29678 A1/54-4, dated 9-8-54.

In his letter citdd, the C.E.(H) has stated that the staff sanctioned in G.O.Ms. No. 2705 P.W., dated 25-6-53, except one supervisor is to be considered only as a skeleton staff and that the existing staff has to be continued throughout the year. The reasons given by him for the continuance of the above staff throughout the year are not quite convincing. It has been suggested that ~~is considered sufficient if~~ the staff consisting of one supervisor, one Upper Divn. Clerk, and one peon ~~are~~ may be continued till the end of October, and that the rest of the staff except the Draftsman, III Grade, for Division Office, may be continued from November to April, the Asst. Engineer ~~who is~~ conversant with the works being reported to be in charge of the works. He is requested to offer his remarks. ~~submit his report on the above suggestion.~~ As ~~there is~~ the ~~no~~ need for the post of a Draftsman, III Grade in the Division Office in connection with the execution of bridge works under reference is not clear, he is also requested to justify the need for a Draftsman, III Grade in the Divn. Office.

Sir,

Sub:Establishment - HighwaysDepartment - Temporary - South Kanara District-Bridge work on Bisley Ghat road.- special staff continuance.

Ref: Government Memo No.58409.R.54.2 P.W dated 24.8.54

- - -

The above work in all likelihood will commence even in the beginning of October 54 as the monsoon may end early this year it having commenced early. If as suggested by Government the Assistant Engineer is discontinued now, he has to be posted to another work or sub division and reposted in a month or even earlier. I feel that such dislocation for a period of one month or less, is not worthwhile as it will not be possible for the Assistant Engineer also to do any useful work during this short period in a new sub division. I have instructed the Superintending Engineer to keep the Assistant Engineer fully engaged during the slack season to supervise some other special works alse nearby. I therefore request that sanction may be accorded to the continuance of the Assistant Engineer and his entire staff on this work throughout, as already requested in my letter No.29678.A1.54.1 dated 20.7.54. The continuance of the draftsman in Divisional office is also necessary to attend continuously to the technical correspondence relating to this series of special works in Division office and may be sanctioned.

2/ I request that very early orders may be issued sanctioning the continuance and ratifying my action in continuing them in anticipation of sanction.

From the C.E.(H), No.29678 A1/54-1, dated 20-7-54.
From the C.E.(H), No.29678 A1/54-4, dated 9-8-54.

In G.O. Ms. No. 2705 P.W., dated 25-6-53, the Govt. sanctioned the employment of the following staff from the date of appointment for attending to the work of constructing submersible bridges at Mile 15/1, 23/6, 24/3, 27/3 and for constructing a causeway at Mile 21/3 on the Bisley Ghat Road in South Kanara District:-

One Assistant Engineer.
Two Supervisors.
One Upper Divn. Clerk.
Two peons; and
One Draftsman, III Grade for Division Office.

The sanction of the above staff has expired on 6-8-54. In paragraph 2, p.1 c.f., the C.E.(H) has given the present stage in the execution of the works. For completing the balance of work, he has requested sanction of the Govt. for the continuance of the staff for a further period of one year i.e. till 6-8-55. He is also continuing the staff beyond 6-8-54, in anticipation of sanction of the Govt. In this connection he reported that in South Kanara Dist., work can be done only during the season from November to April and the works can further be commenced only in November 1954. Hence he was asked to justify the need for the continuance of the entire staff during the slack season i.e. till November 1954, and also to report the skeleton staff required during that period. Please see his report at p.5 c.f. He has stated that one of the two supervisors and other staff are only continued and that the existing staff is to be considered as a skeleton staff. In paragraph 2 of p.5 c.f., he has given the reason

- for the continuance of the staff. The reasons given by the C.E.(H) do not seem to be quite convincing, as the staff is to be kept between April and November. At the most one supervisor, one Upper Divn. Clerk and one peon may be continued. The same Asst. Engineer may be reported to the sub-division from November to April. It seems, for the execution of the works, there is no need for a Draftsman, III Grade in the Division Office. It may be withdrawn. If the above proposals are approved, the C.E.(H) may be asked to continue only one supervisor, one upper division clerk and one peon in the Sub-division and to disband the other staff forthwith. His action in having continued upto the date of disbandment of the staff sanctioned in G.O.Ms. No. 2705 P.W., dated 25-6-53, beyond 6-8-54 may however be ratified. Sanction may also be accorded from 1-11-53 upto 28-2-55 for the employment of one Asst. Engineer, one Upper Divn. Clerk, two supervisors and two peons for the Sub-division as sanctioned in G.O.Ms. No. 2705 P.W., dated 25-6-53. The C.E. also may be asked to justify the need for a Draftsman, III Grade for the Division Office.
